## Summary

---

Junior Frontend Developer with hands-on experience building responsive web applications using React, Tailwind CSS, and REST APIs.  
Contributed to an award-winning production-level team project (Yumify) recognized as Best Software Project in the Digital Egypt Pioneers Initiative (DEPI).  
Computer Science student at Alexandria University with strong foundations in OOP, data structures, and SQL databases.  
Passionate about building scalable user interfaces and continuously expanding skills in modern frontend development and the MERN stack.

## Professional Experience

---

### Yumify (Best Project – DEPI)

Oct 15, 2025 - Nov 30, 2025

*Frontend Engineer*

*hybrid*

- Built responsive frontend interfaces using React and Tailwind CSS for a restaurant management system.
- Integrated REST APIs to display and manage dynamic application data.
- Developed reusable UI components and improved user experience across multiple modules.
- Contributed to feature development, bug fixing, deployment on Vercel, and team collaboration using GitHub.
- **Live demo:** [Yumify](#)

### Digital Egypt Pioneers Initiative (DEPI)

Jun 23, 2025-Dec 10, 2025

*Frontend trainee*

*hybrid*

- Completed an intensive frontend development track covering HTML, CSS, JavaScript, and React.
- Built multiple projects including a personal portfolio and responsive websites.
- Strengthened professional and communication skills through presentations, teamwork, freelancing fundamentals, and collaborative development using GitHub.

### ECPC – Problem Solving

Aug 2, 2025

*Team Member*

*onsite*

- Competed in competitive programming contest solving algorithmic and data structure problems using C++.
- Strengthened analytical thinking, problem-solving skills, and teamwork through structured contest preparation and collaborative problem analysis.

## Projects

---

### Personal Portfolio Website

Tech: HTML, CSS, JavaScript

Live Demo: [Personal-Portfolio](#)

- Designed and built a personal portfolio website to showcase projects and skills
- Implemented responsive design and structured project presentation for improved usability.

### Coffee Website

Tech: HTML, CSS, JavaScript

Live Demo: [Coffee-Website](#)

- Developed a responsive marketing website with interactive UI elements using JavaScript.
- Focused on clean UI/UX and cross-device compatibility.

## Database Project – SQL Team Project

Tech: SQL, MySQL

- Designed relational database structure including ERD, schema, and table relationships.
- Implemented SQL queries (DDL/DML) for data management and collaborated in team-based database development.

## Skills

---

- **Programming Languages:** JavaScript, HTML5, CSS3, Java, C++
- **Frameworks/Libraries:** React , Tailwind CSS
- **Databases:** SQL, MySQL
- **Tools & Platforms:** Git, GitHub, NPM, Chrome DevTools
- **Others:** REST API Integration ,Responsive Design ,OOP ,Data Structures ,Problem Solving , Team Collaboration .

## Certifications

---

- **Digital Egypt Pioneers Initiative (DEPI) – React Frontend Developer Track** MCIT Sponsored | 2025
- **Best Software Project Award – Yumify Restaurant Management System** (DEPI) | 2025
- **ECPC Participation Certificate – Egyptian Collegiate Programming Contest** | 2025
- **Innovation Factory Program Certificate** Amreyah Cement Company & Ashoka | 2021

## Volunteer Work

---

### Together for a Warm Winter

#### Volunteer Team Member – Amreyah Cement Company | 2021

- Collaborated within a team to collect, organize, and prepare donated clothing for distribution through a charitable organization.

## Education

---

Bachelor of Computer and Data Science  
Alexandria University – Faculty of Computers and Data Science  
Expected Graduation: 2028

- Relevant Coursework: OOP, Data Structures, Databases, SQL, Software Engineering

## Languages

---

**Arabic:** Native

**English:** Intermediate – Professional Working Proficiency
